Dear Bob:

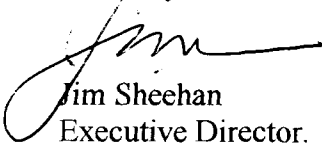

On behalf of all of us here at WHEAT, I want to offer our deepest thanks for the generous donation of \$5,480 from the Clinton Savings Bank Foundation. This grant will be used to replace the entire computer system here in our administrative offices. For several years now, our current system has been a concern for us, as the data we acquire is of the utmost sensitivity and confidentiality, and our computers have been less than reliable, causing significant problems and a need for immediate replacement. Because of the CSB Foundation's generosity, we can now do this.

From the start of my time here at WHEAT, I have been aware of the deep commitment Clinton Savings Bank has made to our community. Both through the generosity of the Foundation and also through the personal kindness of so many of the staff who have volunteered at the Community Café, as Board Directors and in so many other ways, CSB has strongly assisted WHEAT's mission to serve those in need. All of you really do understand what we do here, and you have taken the extra step of partnering with us in these challenging times.

Many of the folks you are helping us to help will never be known to you. I just hope you all realize how many lives you are impacting, and, therefore, how much you are contributing to the health and wellness of the entire community.

Please express our thanks, as well, to Rich Hayward for his support.

Sincerely,

Jim Sheehan  
Executive Director.
